If you have Automatic Payments billed to your card, please provide your new card information to those merchants

It's easy to set up new automatic payments with your card

1. Contact the companies that bill you regularly. Find their phone number and Web address on their billing invoice or visit [www.chasebillmanager.com](http://www.chasebillmanager.com).

2. Set up automatic bill payments with your Ink Business Card. Many company websites have easy-to-follow instructions.

3. Relax and monitor payments anytime you want online. You'll have an instant record of exactly when your payment was made.
