Second Notice

Please Call

Job #: 74362918

Dear Customer,

Recently, we contacted you regarding a programming change we need to make to the alarm system panel at your protected premises. However, we have not yet received your call to initiate the reprogramming process. Unfortunately if we do not get a response from you by March 31st, 2014 your system will be placed out of service due to this programming issue.

There is no cost associated with this service, and the Technician will complete the work with minimal disruption to your schedule. Once the Technician completes the reprogramming, he or she will perform a test to confirm that the system is operational.

**It is important that you call [REDACTED]
as soon as possible to make your appointment.
When you call, refer to Job # 74362918.**

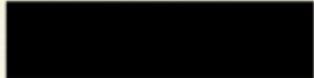

Thank you in advance for your assistance with this reprogramming effort. And, as always, we thank you for choosing ADT. It is our pleasure to serve you.

Sincerely,

Customer Care Team
