From: Leon Black

I understand that Prof. Lawrence Krauss is no longer director of The ASU Origins Project, and that this program was recently terminated. As you know, my family foundation provided a \$2 Million gift to the ASU Foundation to the Origins Project, to be employed at the discretion of Prof. Krauss to help support his efforts to enhance the mission and goals of The ASU Origins Project. As this program no longer exists, I would like to request that all of our unexpended funds currently held by the ASU Foundation be transferred to Gratitude America, a 501/c3. Please inform me when this has taken place.
