Jeffrey now wants us to get him a Passport Card. We have to go through the same ropes...I need to book him a flight...OK to book a trip to St. Thomas Oct. 17 and back Oct 23? (will this work for a passport card? or should we book Paris round trip?) We need you to write him a letter on company business letter head stating that a passport card is required for travel. This must be signed by a representative of the company with an original pen to paper signature and must specify the applicants departure dates and destination. Sample letter attached...
