Subject: Time Warner Cable to come today between 3-4pm

Hi Yoni...I have been told we have Time Warner Cable coming to apt [REDACTED] today between 3-4pm to hook up cable and bring a box for the apartment. We have a representative from our office, Leo Loking, who will meet with Time Warner and can take them up to the apartment and be there for the install...we will then bring in the TV..

All is fine and I greatly appreciate you offering to move but we believe due to apartment availability for tonight this is the best solution..

You do not need to be in the apartment when all this is taking place...please go about your business and have fun! Leo will take care of all.

...he will also bring you an extra set of towels!!

Thank you for your patience and understanding..

Lesley
