Dear Lesley,

This is a voice from the past - and you probably dimly remember us. Julie and I have lived in Oregon since 2008, started and ran a photographic business, closed it down two years ago and then, recently, we have sold our house and in September we are moving to my old country, the UK. The decision to move was prompted by several factors including that I had a stroke last December and, though I am more or less fully recovered, it was a wake up call to head for home before I get much older. As you know the UK is undergoing turmoil at the present so our timing is not perfect.

As a final farewell to my USA contacts I am writing to many people I know over here including a cheerful letter to Jeffrey E. but am now aware that my address list is very out of date. The last address I had for LSJ was **6100 Redhook Quarter Suite B3, Redhook, St Thomas, US Virgin Islands VI00802.**

I'd be very grateful if you would confirm that this address still works.

Every so often Julie and I get a burst of nostalgia and want to come back to the VI for a few weeks to see so many people we know but that gets difficult as time advances. We may do that someday but the drive is to get to the UK first.

Very best wishes to you and anyone we know on STT,

Sincerely,

Brinsley Burbidge
