[REDACTED];

We thank you for emailing us regarding Jeffrey's interest in the Oncoblot testing – it provides peace of mind and is noninvasive. Please read through this information/attachments and contact me with any questions. If you want to expand your knowledge on alternative cancer treatments research Ty Bollinger's "The Truth About Cancer" series. It will really empower you. We would be honored to offer him a consultation for Oncoblot – You will need to complete the attached medical questionnaire. You can type directly onto it, save it and email back to me – it is also available on our website. You can answer N/A on any cancer questions if they are not relevant. Once I receive it we will contact you about the next available telephonic, in person or SKYPE consultation – cost is \$95 for 15 minutes – *if the time exceeds 15 minutes due to additional medical issues/questions, cost will increase*. You also have the option of a longer consultation for all your health concerns.

We will ship you the kit - \$850 + shipping –(not billable to any insurance, only a write off as "non reimbursed medical") you can check [REDACTED] for a lab in your area as well as the Oncoblot site: [REDACTED] or Labs to Go 757.490.888 - you can also come in for a draw at our Clinic - the kit has to be overnight shipped to the Oncoblot labs in Indiana.

Once the lab receives the specimen it's about a 15 working day turnaround. We will then contact him about a followup SKYPE or telephonic consult - \$95/15 minutes. If it is determined he have cancer we can put together a treatment plan as we are integrative cancer specialist. You can learn more about us at the site beneath my name.

Please do not hesitate to contact me with any questions, etc. Attaching information on Dr. Connealy's new book available for pre-sale on Amazon as well as the other testing we offer. **Please take a moment to explore our Cancer Healing site to learn about all the latest alternative cancer treatments.**
