Ok I just looked through all my saved docs again and I don't have the [REDACTED] visa app saved. I wish I did! Maybe I have a printed copy at the house? I know we sat at my computer at the house and filled out together last time. Did you happen to save and could send to me?

Do you have his previous application saved some place? This would give you all the answers

Super.

Will you be able to help with the answers to the questions I sent you? Or did you send to JE? I really can't fill out the form until I know those answers.
