Dear Helen,

Jeffrey just told me that the dinner is on, and he would be happy if you'd come! I think [REDACTED], his wonderful assistant, will get in touch wrt the details. Unfortunately, I won't be there, but you should definitely go.

Also, if you like, let us set up our own meeting, whenever it is convenient for you! Lots of ideas to talk about.

Love!

Joscha

I have some ideas/questions on how to conceptualize the transcendental aspect of love, and for understanding the nerd/neurotypicality divide in communication strategies, which may be a relevant predictor for relationship success.
