Hello Blanca. To follow up our phone conversation, Arthur Casas was recommended to Jeffrey Epstein by Alberto Pinto's office in Paris. Jeffrey has an island in the Caribbean as well as a very large brownstone in NY city that I believe he would like to renovate. He was hoping to have an interview with Mr. Casas this week while Jeffrey is in NY...however it sounds as if Mr. Casas will not be here but some of his other architects will be? Might you be able to provide some information on who is coming to NY? Maybe Jeffrey could meet with them instead and Skype with Mr. Cases re his projects?

Thank you,
Lesley
