Lesley,

I am very sorry for this confusion. It appears that there was never a diversion notice for this flight so all we received was an arrival notice. This confused the system based on the originally filed flight plans. The system believed the flight had in fact arrived at Newark because no other updated information was provided.

Best regards,

Andrew Taylor

Hi Andrew. Hope you are well. I received this Flight Aware email last night confirming Jeffrey Epstein's airplane (N908JE) arrived Newark at 11:38pm, yet he had plane issues and had to turn back around to ALB!? This is actually the second time I have received a confirmation email of arrival when Jeffrey's plane did NOT arrive. It's very confusing and I am hoping we can rectify this issue. Can you please look in to it for us? Larry, our pilot, is cc'd here and is wondering the same...

Thank you,

Lesley

Assistant to Jeffrey Epstein
