All good to know! I will make sure someone puts the icepack in the freezer the night before. I am working from home in CT...the kit is at Jeffrey's home in NY...I'm happy to speak with you about it, but I can't reference the kit itself...I can speak now if you wish to call me: [REDACTED]

Jeffrey's house is across from the Frick Museum...His house has giant wood doors...there is a bell on the right side of the door...Nakema should press this button and hold it for a few seconds...it rings the phone inside the house...the house man or woman will come to the door for you...

Hi Lesley!

Nakema Autry will be performing the draw and I have copied her on this email. Is there anything that she needs to know about getting to Jeffrey's home on Friday?

Yes, he will need to be fasting for 10 hours. However, he can (and should) drink water, as he will be doing a urine test that morning as well.

There is an ice pack that came in the kit and that needs to be placed in the freezer the night before the draw.

Why don't you and I touch base via phone either today or tomorrow to run through the kit to make sure a.) everything was properly included and b.) you are clear on what will be happening on Friday morning. Is there a time today or tomorrow that would work best for you?

Best,
Ciera

Hi Ciera...Jeffrey has confirmed 7am on Friday will work! Can you give me the name of the person who will come? Jeffrey's home address is:

9 East 71st Street between 5th and Madison

I know he must fast and we have the paper work filled out...is there anything else we should know?

Thanks Lesley

Hi [REDACTED]!

What time would work best? Are we also doing Jeffrey's friend at the same time?
