ok, good to know...[REDACTED], I would go to that Walgreens [REDACTED] has suggested...we have a paper cutter in the office that [REDACTED] used last time to get them to the proper size. I would cut half of the pictures 2"x2" as that is US Passport size...then cut the other half the size that is required for visas...which is slightly smaller...thank you!

I tried about 5 places and eventually did it at the Walgreens on 2nd and 64. I had to get it to the correct size on the screen they have and then once printed I cut them all myself as they wouldn't do it.

Baby I am having problem with sizing cos all the places only want to do it American size 2x2

I am going to the house to try myself

But just want to check, perhaps you cropped these and have the original. The Russian at cvs says if we have more of him on the pic she can do it for me. Do you have one from further away so more of chest is on.
