Barbro Ehnbonm is respectfully asking if you could remove the Stockholm School of Economics as a recipient of donated funds from your Epstein website...she says the the press is calling the school and she is very concerned...she says the Stockholm School is listed twice and she would really like both removed as soon as possible.

Barbro wishes you well and says she is so sorry this shi* is in the press again. She was supposed to come home to NY on Monday but is expecting her first granddaughter so will be hanging in Stockholm a little bit longer.

website the school is listed on: <http://www.jeffreyepstein.org/Recipients.html>
