Yes. I have her new code. But I changed all the codes in my welcome letters? Was it an older letter that I attached? Can you look what code I sent. That worries me

Hey ███…did you use an old welcome letter for Lisa Svensson? ALL the codes have changed…you can't use any of the old welcome letters…they must be the new ones…please put the new codes in your contacts or wherever you keep them!

Hi ██████
I Can't make to code work to 11J code 3698, is there any other button I have to press?
Thanks!
