Dear Jeffrey,

With profound sadness and endless gratitude, we wish to inform you of the passing of our teacher, [Michio Kushi](#), the most significant voice of Macrobiotics throughout the world. He dedicated his life to guiding people to health and happiness through an understanding of the Order of the Universe and, in particular, the relationship between diet and well-being. His lifelong dream and vision of One Peaceful World remains an inspiration. Thousands of testimonials are now being posted on his [Memorial Page](#).

As 2014 comes to a close, we also want to thank you for your ongoing support in our work to reduce the incidences of PTSD in children who are impacted by natural disasters. To that end, we are happy to share with you [our most recent piece published on Huffington Post](#). Please feel free to add your comments following the article.

May the year ahead be filled with light, love and the most Fortunate Blessings!

William Spear
