Hi ██████,

Would it be possible to change the return to Boston Logan? It's closer to MIT and Reid's got a meeting there at 1:30 pm ET on 12/5. Would you like me to call JetSuite to make the change?

Saida

Reid, ██████ said you asked to return to Bedford airport on 12/5. You have a meeting at MIT Media Lab at 1:30 pm ET. You plane lands at 12:43 pm. Any particular reason you asked for Bedford?

Boston Logan is 15 mins away, while Bedford is 35 mins away. Maps are below.

Hi Reid,

We don't have the tail number for tomorrow's and Friday's flights yet. They are released within 24 hours of the flights.
