Hi ████,

I didn't receive the previous emails, and will try to find out why my other email address isn't working.

I'm available to join a conference call at that time. I'm assuming it's 2PM Eastern. Just let me know the call-in details.

Thanks,

████

Hello ████
My previous email seemed to have bounced back to me. I used <████████████ >. See below.
