I showed this to Ike..

awaiting an answer!

Ty did this Eclipse stuff this past year...

ok, Ike says he wants Ty to try out again...

Ike says Henry could try out for sure, but it is an accumulation of the best of all the towns around here and both will need to work really hard...Henry will need to work on catching, on his left ...etc. It will be a challenge for sure

ECLIPSE LACROSSE ANNOUNCES FALL 2014 TRYOUT DATES

Eclipse Lacrosse Club is pleased to announce our Fall 2014 tryout dates for teams to compete this Fall, Winter, and next Summer.

Following a very successful summer campaign in our inaugural year, we are excited to build upon our Program accomplishments.

This Fall we will be holding tryouts in the following grades: 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, & 2024

Registration for our 2016, 2017, 2018 teams is now open

Registration for our 2019, 2020, 2021, 2022, 2023, & 2024 teams will be open in the coming days.

This year we will continue our 5 different program models, and expand upon each offering.

*We will be adding Fall and Winter programming to our calendar which will enable our players to develop prior to the Spring (HS or Youth) and Summer (Club) Seasons. **We feel very strongly at Eclipse that it is important to be a multi-sport athlete.** Not only does this help our players develop into better overall athletes through transferable skills and year-round game competition, it is also something that college coaches look for in recruits. **It is because of this that we have organized our fall and winter programming with other sport schedules in mind. Note: We are still finalizing a few details regarding our Youth offering, as we wait for final schedules from other sports to be published completely.** We would like to thank all the people who have helped connect us to different sports leaders over the past 10 days. We still have a few more calls to make, but hope to have all Eclipse Youth programming published in the coming days.*

Here are the programs that we will be offering this Fall / Winter...

High School Club Teams - 2016, 2017, 2018 - We will be selecting players to participate on our Fall 2014 / Summer 2015 HS Teams in the **2016, 2017, & 2018** classes. Players selected to these teams will be guaranteed a spot for the Fall 2014 / Summer 2015. All Players selected to our **2016, 2017, & 2018** teams will attend five (5) Fall clinic / practice sessions and two or three (2 or 3) Fall recruiting tournaments. Players selected who are unable to attend Fall Clinics or Fall Tournaments will maintain their roster spot on our summer teams. We will be selecting alternates for our fall teams (to replace players who cannot compete due to injury, other sports, etc). Coaches at our clinics will be a mix of Eclipse Directors, Eclipse Coaches, and "Guest" Coaches. Similar to the summer, we have organized one of the best coaching staffs in the country! Full details regarding our coaches for our clinics will be announced at our tryouts.

We will have two teams in each grade level and players selected to these teams will be guaranteed a spot for the Fall 2014 / Summer 2015. All Players selected to our **2019 & 2020** teams will attend eight to ten (8 to 10) Fall clinic / practice sessions. We will be selecting one team in each grade to attend one (1) Fall Tournament. Players selected who are unable to attend

Fall Clinics or Fall Tournaments will maintain their roster spot on our summer teams. We will be selecting alternates for our fall teams and clinics (to replace players who cannot compete due to injury, other sports, etc.).

Players selected who are unable to attend Fall Clinics will maintain their roster spot on our summer teams. We will be selecting alternates for our fall clinics (to replace players who cannot compete due to injury, other sports, etc.).

****We reserve the right to add additional teams to teams in our Development Programs based upon demand and talent level of the specific grade****

Development Program - 2022 & 2023 - At this time we are exploring Fall options and determining our winter schedule. Full details will be available soon. We will be selecting a total of up to 46 players in EACH grade to join our program. We will be selecting alternates for our fall teams and clinics (to replace players who cannot compete due to injury, other sports, etc.).

Beginners - 2024 - At this time we are exploring Fall options and determining our winter schedule. Full details will be available soon. We will be selecting a total of up to 46 players in the 2024 grade to join our program. We will be selecting alternates for our clinics (to replace players who cannot compete due to injury, other sports, etc.).

Why are our HS teams attending Fall tournaments?

1. The fall has become an extremely important recruiting period due to the quickly increasing speed of the recruiting process.
2. We have chosen three of the top recruiting events for our players to attend this fall and these will maximize their exposure to college coaches

All Eclipse Summer Program Details To Be Announced Prior To Tryouts

Team Selection

Following tryouts this September we will select our teams which will represent us in the fall, winter, and summer. **Please understand that this will be a completely open tryout and no spots will be guaranteed for players who were part of our program this past summer.**

Tryout Logistics

Each grade will have at least two tryout sessions. The 2018, 2019, and 2020 teams will have three tryout dates. Following the second session (second session for 2018, 2019, and 2020) the first round of cuts will be made. Players will be notified via email if they are receiving a call back for a final tryout. Please understand that we have received over one hundred NEW inquires about our fall tryout dates and dozens of highlight tapes of players who were not part of our program last year who wish to join us this year. Tryouts will be extremely competitive and we believe the call back system will allow us to identify the top group of players and view this group on the last tryout date.

Tryouts will take place this September at both New Canaan HS in New Canaan, CT and at Greens Farms Academy in Westport, CT.
