Hi Lesley:

Let's try to make a date for the week of 4/21 because things just get more busy from here on out! That week I'm free at 2:15 Wednesday through Friday. Would any of those days work? If not, propose a few other times and I'll see what I can do.

Thanks,  
Rita

HI Rita! I was just saying yesterday to Ty how we need to work with his speech buddy again! We have been slightly negligent! I unfortunately will be in NY on Thursday... for sure let's circle back after Spring Break...thanks so much...I am excited for you to see the tool in action. Thanks, Lesley

Hi Lesley:

I haven't forgotten you and I'm still interested in seeing the Speech Buddy. I thought I'd check to see if there is any chance you might be free this Thursday around 2:15 to come in. If not, I totally understand and we can try and schedule something after the break (I think I said the same thing to you in February!)

Thanks,  
Rita

I was hoping for this week but it isn't going to work. I'll contact you next week to see what we can work out.

Absolutely! It is really helping Ty understand and feel the proper placement for his tongue. Comes in a cute, handy, travel case also. It was not inexpensive -BUT! way less expensive than hiring a private therapist! Would love to hear your feed back. I work from home some (as I mentioned) and would love to come in as well. What is good for you and we can try to coordinate. Mondays and Fridays tend to be good for me.

Hi Lesley:

Thanks for your email and for sending me the information on Speech Buddy. I sent the link around to several of my colleagues and only one person had heard of it (she actually met the developers at the national convention for SLPs). It sounds like a great tool and I'd love to take a look at it. Would you be willing to send it in with Ty and/or could I coordinate a time with you to see it in person? I'm very intrigued.

Thanks,  
Rita
