Hi Bob...i see you wrote a check for \$2000 to Optimus Logistics on Feb 7...what is this? I see it is a transport company? What did you have to transport...the crane?

Are you doing your homework tonight? Your Quicken spread sheet...I'm going to encourage Sue to give you crap until you do! :)

The longer you wait the harder it is to fill it out....gotta get it going! ...and then keep up with it...way easier if you don't get behind!

The Berkeley Construction account has \$37,702.93...I know you still have to pay Superior Walls...that check will be for \$30,000.00 right?

BTW, we did take a ride over to the property after Ty's doctor appt (Ty and Ike came with me) and the men were still there working! It was like 5:10...wanted you to know.

:) Les
