HI Larry...I see on the website for a Belarus visa app that JE must have proof of medical insurance (and there are specific requirements they want to see) I have called United Healthcare...I want to send you what they sent me...Below is from the website for the Embassy of the Republic of Belarus in the US (http://usa.mfa.gov.by/en/consular_issues/visas/) I have told Jeffrey he must get his photo taken...we do not have any current passport/visa pics of him...

7. Medical insurance (effective from July 1, 2014)

All visa applicants have to present a medical insurance valid for Belarus or worldwide.

A letter from applicant's insurance company (original or copy) is required. This letter should contain the following information:

- name, address and phone number of the insurance company;
- full name of the policy holder;
- insurance policy number;
- insurance territorial coverage (should be valid in Belarus or worldwide);
- insurance term of validity (should be valid through the period of the travel or temporary residence in Belarus);
- amount of medical coverage (should not be less than 10 000 Euro ~ 13 500 US Dollars).

Please kindly note that a photocopy of insurance card will not be sufficient enough to meet the above requirements.

The insurance coverage letter is a compulsory document. Applicants missing this document will systematically have their visa denied.

All travellers need to have the insurance coverage letter in original during their stay in Belarus.
