10am sounds great
Yes the password is the same for all my locations. However today this computer rejected my
password every time I put it in!

Thursday to check the computer out. Please advise time that works for James so I may tell
staff. Thanks

I am still having to email from my cell phone. I can receive emails fine but I cannot send
emails. They are all stuck in my out box. He can update my computer as well. I can then come
and work from house on Thursday to check everything out  please advise if ok. Lesley
