I do think we provide the numbers as accurately as possible. this is so if something happens we get replacement value. I do not think we go high because then the insurance will go high but accurate . I do not think this should be that hard since we have all the data in Sue's spreadsheet

I have included Ike on this. Ike can you please answer? I would think you provide him what he is asking for and we want our numbers high.

Hi Bob,

Have you had an opportunity to put together any numbers? I'm on the road tomorrow but will contact Mrs. Groff this week as well. My preliminary #'s are much higher than the c/s/f that we briefly talked about.

Thank You,  
Steve Ciarlo

Hi Bob,

As requested I have included some questions regarding the features and costs associated with the construction of the house at 159 Oenoke Ridge for the Groffs. I included some categories but please include anything else that may not be so evident during a walk through.

Thank you for taking the time to provide the information.

Best,  
Steve Ciarlo
