I will be there Wednesday. We are good for the carpet. John submitted the drawing for the pergola last Thursday. No resolution as of yet. The town has taken two weeks to inspect an open trench. So if anything is going to hold you up it is the town. But right now the 9th sounds reasonable to me.

Hi Bob...we still good to have the carpet and gym floor installed next wed. May 21? I hope I can work from home this Wed. so I can go over exactly where the carpet is to go in the family room...BUT, if I have to come to city for work, can you be there? At the moment, my boss is supposed to be on his island, but he has a bad habit of changing plans at the last minute.

Please let me know!

Also, I have signed on the dotted line with Two Men and a Truck to do our move! I have them 'penciled' in for June 9th. =
