You know, I think we may need to change the meeting to May 9th...it is difficult for Alan Halperin to do May 8th unless it is early...JE can't do early...I will get back to you...but in the interim, does May 9 work for you?

Hi Lesley

A small favor

I believe there is also some talk of a meeting on May 8. If that does happen, any chance to schedule for the afternoon? I have a Department of Commerce meeting downtown that am that is also important for me to attend. This is just a heads up.

Thanks
