Hey Larry

This is a different boat than the one in St. Thomas.

It is similar to this.

image.jpeg

John Hotz is working with the Bahamians and will help us with what the best logistics are. I know that agency uses both helicopter and fixed wing aircraft so I believe that there are landing capabilities for both in a very close proximity to the boat.

One thing we must keep in mind, this is their number one interdiction boat. So depending on their operational requirements we might have to have a little bit of flexibility with our schedule. John will be talking to them in the morning and let us know.

Thanks and will talk soon.

Scott

Hello Scott,

Is the boat that Jeffrey will demo in Nassau Bahamas similar model to the "Coast Gaurd" boat in St Thomas USVI? If [REDACTED] not mistaken, STT Coast Gaurd operates a SafeBoat in St Thomas,.

We may arrive via Helicopter or Private Jet, if we bring the Helicopter, is it possible to land at Marina? Is your boat in Nassau closer to Cable Beach? Coordinates would help greatly.

Thx,
Larry

Hi Jeff

I hope you're having a great weekend.

I would like to introduce you to John Hotz. John handles the Bahamas account and has talked to them about getting a demo on their boat. He will be arranging all the details for us.

We have a technician in the Bahamas now doing service on the boat. So just let us know when you're available to travel to the Bahamas so John can arrange the timing.

John is based in the Southeast and can easily meet you there.

John,

Please keep me posted on the progression of the timing.

Thanks and everybody have a great Sunday.
Scott
