Hi Lesley - Just wondering if we might be able to meet tomorrow instead of today? This weather is terrible!
I can meet 10, 12, or 3 tomorrow if that works for you.

Thanks,
Anna

Hi Lesley, - Sounds good, I will meet you March 31st at 11:30 at the house. If anything changes please let me know.

I look forward to meeting you,
Anna

Thanks for getting back to me...I am out of town this week...I could meet with you on Monday March 31st at 11:30 if that would work for you? I don't think we need to spend money on an actual 'plan' ...I want grass and some bushes with beds for flowers or vinca(?) vine coverage for now...irrigation also. Maybe a dogwood, cherry or pear tree? Let me know if the March 31 date works! thanks, Lesley

Hi Lesley,

Thanks for contacting me, and congratulations on your new home. I'm sure you're excited to be moving in soon.

I think the best thing would be to meet you, look at the property and house, and move forward from there. Usually I don't bid on projects unless we have some sort of master plan, or even rough design, as it is hard to put together an estimate without planning what sort of material we'll be installing. It seems as though you would like to get in the 'bone work' for the landscape, and continue with some finer details later on, in which case maybe we could go without a design? Either way, I would love to meet you and see your new house and property.

I have another meeting in New Canaan on Friday this week. Could we possibly meet mid morning or early afternoon? Otherwise Thursday mid-morning/early afternoon would also work for me. Let me know if either of those days work for you.

I look forward to meeting you,
Anna Haines

Hi Anna...Kathy Bucci was kind enough to pass along your name to me! I live a few houses down from her on Oak Street...BUT, we are building a home just up the road across from the NC Nature Center...I am currently trying to gather quotes for landscaping and would love if you could possibly take a look at my property and give me a bid. I can send you a PDF of the plot...We hope to move in around beginning of May.

The address of the new home is:

[REDACTED]

I like Boxwoods (structured/manicured looking landscaping...totally NOT in to 'grasses')! For coverage evergreens and the arborvitae tree that deer don't like (I'm told there is a variety they aren't attracted too (?)) We want pretty basic stuff to start out...knowing we can always add later. We have quite a few mature trees surrounding the property already and want to keep the front yard clear for everything sports ;) I have two big sculptured trees in square urns we can use for the front of the house already....

If you happen to also install irrigation or use someone/recommend someone, I am in need of a sprinkler system also!

I look forward to hearing back from you!

Thanks,
Lesley Groff
