Hi Lesley,

I am currently in Fiji and enjoying some down time.

As you know, I did speak with Jeffrey a couple weeks ago and told him I'd send him the attached White Paper. He asked me to call him "in two weeks" — that request based on my sending this immediately after our talk.

Please let him know that this has arrived, obviously long delayed, but now complete and ready for his read and review.

I will plan to be back in touch with you on the 24th of February to arrange a call with him after he's had a chance to look it over.

Kindly confirm the above, and receipt of this document.

Thanks,

Bill
