Hi Lesley,

Thank you for the email.

Please see the quote attached for 120sqft and 20lnft of corners.

Each corner piece is 6" tall so it would be 40 pieces to cover 20lnft.

I applied the \$100 coupon I had sent in the sample pack. Not sure if you still have it.

Just got an email from you as I was typing this email.

I will have another sample sent to the address below.

120 Oak St.
New Canaan, CT 06840
United States
Phone: 212-600-2300

It should arrive for Monday if not tomorrow.

Glad to help with any questions going forward.

Regards,
