Hey Boris,

As discussed, please find attached a document where I consolidated the various segments that you sent and also made some edits based on my thoughts on 3 of the sections (redline looks bad but I have pretty much kept the essence of what you had!).

Could you please review and add additional comments? I will start working on Market opportunity and environment in the meantime.

Thanks  
Saurabh

Attached is Part IV. MARKET OPORTUNITIES AND ENVIRONMENT

It needs a lot of work (cutting, connecting, polishing, editing etc) but I saw it so much during last few days that it is better to get next input before next round of changes.

What do you think?

I am working on the rest....

B
