sure, but the welcome letter that ███ left for Bobby and the OJ, Water and Milk will need to be moved to ███...
and then a new Welcome Letter for ███ printed and left for him with door man...I have attached the ███ welcome
letter. Let me know if you are going to do this because I have told Bobby he will be staying in ███ and gave
him the code...I can easily email him again but don't want to do so until I know this other stuff was taken care
of...lmk! thanks

███ can we please move bobby to ███.
I don't know who these other guests are but we have had way to much damage from girls in the past to have
them in ███

  Is ███ still here? does anyone know? She is staying in ███...if she has left we can have it cleaned and
  available for guest Jan. 7-12

  We have ███ available for Jan 7-12

  We will have ███ available Jan 9-12 (Bobby Slayton is staying there until the 8th...it would have to be
  turned around on the 8th...depending what time he leaves, the apt could be slept in by this new guest on the
  8th? would need to find out)

  ███ is being renovated and not available

  ██████ is in ███ (does anyone know how long she will stay?)

  Hi ███,
  Which apartments can we use for these guests? I hope we have 2 !!!?? I have a feeling these will take
  priority for JE to pilots etc.
  Is ██████ still in ███, perhaps she will have to go in with ███?
