Subject: Electrolux Front Load Washer Specs

Date: Wed, 09 Oct 2013 14:24:58 +0000

Attachments: SKMBT_C25313100909580.pdf

Hi Mark..attached are the specs for the Electrolux washer I plan to purchase...I will also purchase the the dryer that is the mate to the washer (still 27") I don't see why you can't just move the washer pan closer to the door, but that is something Bob would really need to answer...Bob, can you meet with Mark this Thurs or Fri?

Below email is from Mark with things we need to address:

Hi [REDACTED]

Thank you for the order. I went by the house to check out the washer pan. The cabinets on the sink wall are 24" deep plus counter overhang. With the placement of the pan and a 27" dryer to the right of the washer it leaves 23.75 inches.

Two choices

Move the pan towards the hall

I can make the sink wall cabs 21 inches deep which would effect the sink size.

Please forward me the dryer spec or model number and the sink size or model.

Just want to make sure it all works for you.

Mark
