[REDACTED]

Just want to make sure we are on the same page. These are the doors we picked two panel Carrara most will be 8 ft. All will come with satin nickel hinges and will 1 3/4 inch thick solid core.

The side door is going to be 8 ft with glass on top. It will be fiberglass paint grade with a small raised panel below. You can see it at [REDACTED] then go to smooth star and look at s880 or the s881 which has mullions. I like the mullions. What do you think?

Bob
