Lesley,

When the time is right, I would like to ask JE via you if he would like a more closed cabinet to sit his telephone, laptop, and other things on in the dining room. (I would prefer for him that his guests do not see all the items he keeps there if he would allow).

Please give me your opinion of the one at the link below in the wood grain. There is room on the top for a phone, or laptop. There is some open space below for a few items such as glasses, pen, and paper, etc. There are two also closed drawers for other items; the top drawer locks. The cabinet has rollers so it moves around easily.

I am certain we can find more expensive ones if JE is open to the idea and prefers such.

[REDACTED]

Best regards,

Mark
