I agree. I haven't brought it down. Will be with me until she comes around. Thanks [REDACTED]!

I am in Germany! I actually left the shoes for Jen as she has size 11 feet and I bought the wrong size by mistake. If the girls want any of the other pieces then they can have at it. My only concern is that I left a Tommy Hilfiger clutch there, still in the duster bag. If someone just puts it with the doorman I'd be thrilled and can pick it up when I come back in 2 weeks.

I also had some art work sent to the building (my old address of [REDACTED]). But it has been languishing at JFK for some time now and still hasnt made its way to [REDACTED]. The pieces are presents for Jeffrey. If one of the girls can keep a lookout for them I'd be ever so grateful, then I can hand deliver them to Jeffrey as soon as they arrive.

Thank you for everything, [REDACTED]!

All the best,

██████████
