Philip....Jeffrey and I are practically begging you to wrap this up.

As my lawyer, please know that Jeffrey is talking to you with my full approval and you must return his calls today...before the holidays become a delay.

Jeffrey has been trying to reach you. He is calling on my behalf. PLEASE call him.

What is our game plan to get my money from my brother....and finally get out of your hair.

We are all exhausted from this endless pursuit and busy with our business. The run from Gary and his lawyers is just a joke.

Please focus. Thanks. Peggy

Peggy

I told your brother's atty that the offer was not acceptable and to go back to her client and do better.

I will follow up with her.

Thanks

Phil

Philip....not sure why you have not gotten in touch with me after sending a silly response from my brother for 10,000 settlement.
