Sept 4, it would be greatly appreciated. Then our maid could give 10B a good cleaning and be ready for the next guests to arrive...We currently have a guest in 8A who is departing today...the maid will clean 8A tomorrow...so you are welcome to start moving things this weekend if you like. Let me know if this all works and I will forward you the code to 8A tomorrow after the apt is cleaned and ready to go.
