Hi Lesley,

I wanted to check in with you as I know everyone is busy. We had yet another dancer call to come in for care.

I know Jeffery is so giving. I hope he knows my asking, on behalf of Ballet Palm Beach, only comes from that generous place that enhanced education gives to many organizations. If you can convey that to him as I know he has had to deal with so much crap over the years.

Thank you so much, [REDACTED]
