Hi Martin...you are sitting next to Ed on the first leg (Boston to Chicago- you are in 3A Ed is in 3B) From Chicago to Alb unfortunately there are not 2 seats together in 1st class. YOU are next to a window, 1D and Ed is in 1A...when you get to Chicago you can double check this with an agent...something may have opened up together...On your trip home I have changed both legs to a window seat...you are now in 5F and then 3F

Have fun!
