Hi Lesley

I'm not sure about Restoration hardware quality. I have seen the ad and its not cheap. It's my experience that a "package" deal usually is less quality..... I know that any package cabinetry made in China has quality and environmental issues The cabinetry I represent has a ten year warranty. It is made in Pennsylvania by a second generation family owned company.

Friday, at 11:30, at the job site would be great!!

Thank you,

Mark

HI Mark...Hoping you will get back to me soon on yesterday's email to you...another question...what is your turnaround time for cabinets?

I am hoping I can work from home this Friday...might you be available to meet with me at 11:30? We could meet at the construction site if you like (it is about a mile from the Newman's house)

Thanks,

Lesley Groff
