time?

you could call mine "Programming Bits and Atoms"

dear friends,

jeffrey has suggested to have a small meeting on 28 july.
ed and neil have indicated that this date is suitable for them.
whit, i hope you can make it too.

i suggest each person prepares a 20min talk.
please expect to be interrupted frequently and questioned afterwards!
the more discussion the better.

please send me your tentative titles.

please bring your computers and video adapters if needed.
we have a standard projector.

our address is: One Brattle Square, 6th floor.

the building is closed on a sunday.
we will give you a number to call
and someone will meet you downstairs.
(i hope one of jeffrey's assistants).

best wishes
martin
