Hi Lesley.

I just dropped in the cello in J house

Only thing to know is its a bit tricky to open the cello case. I showed Jojo how to do it,

The metal knobs that close the case are not made right. Its something with the model of this specific case series.

Any how

Thanks so much

And i left with Jojo my new cd and Anat's new cd as well. With extra copies.

My album was recorded with the cello :)

Send our love to J

Hello Yoed. Hope you are well. Just checking in regarding the cello. I know you had thought you could bring it by May 31st. Will this still be good for you?

Dear Richard,  
I hope you are well.  
I know that Jeffery would like me to bring back the cello tomorrow and I will do it of course if needed.  
I really appreciate everything that Jeffery being doing for me.

I've been trying to get another cello for this month, and it's been really hard. I'm having many shows and recording this month, including debut shows with my wife Anat :)  
(we actually would like to invite Jeffery, and will send another e mail).  
On June 1st I'm going with Anat to Israel until July 24th, and I was wondering if it could work that I will bring the cello to the house at this time? (Day before we leave)  
As we agreed before I'm not taking the cello with me, without buying a ticket for it.

Thank you so much,  
Of course I will be bringing the cello tomorrow if it couldn't work,

With appreciation,  
Yoed
