Dear Jeffrey,

Thank you for taking a few minutes to learn about Spencer Trask – [click here to download](#) a brief overview of our firm.

The Spencer Trask network of private investors and business leaders supports the dreams of scientists, inventors and entrepreneurs. We stand behind obsessive missionaries—people with visionary ideas and ground-breaking technologies that help people.

Our unique business approach employs social networking platforms to solve business problems. Spencer Trask brings together angels, business leaders, and entrepreneurs into a Value Creation Network where early-stage big ideas are transformed into great companies.

This network has grown some of the most influential companies of our times. Our history of achievement should give committed entrepreneurs, advisors and investors the confidence to join our Value Creation Network to support the big ideas that will shape the 21st century.

I look forward to speaking with you further about Spencer Trask and how we might engage you with our Value Creation Network.
