Yes, they sent me a quote for the front door but it is for the standard width which Ike and I have decided we want to go with. It is half the price of the 3" door. I will send you the quote (which I find confusing... Where is the total? They have no total line? Are we to add up all the line items to get the total?). I want to have nice thick interior doors and substantial casing around the doors and nice, simple, but big moulding and baseboards. Stuff I will see everyday. I'll bet we can go weeks without opening our front door. It will look exactly the same, just not be as thick.

No I didn't receive any discount. Did they send you a quote? The other door should be 6'8" door. You don't notice that door on the print. You will in real life.

Bob, I had asked Decora to quote me on a door as well...I rec'd this 15% off Discount..did you receive as well? Ike and I both like Door DBYD-2078 and I like it stained the same color as their picture on the website ..a nice deep rich chocolate brown...I want the 2nd door to match...I am more of a match-matchy person...BUT, this door should only be the standard 1 3/4" (or whatever is standard) It will still be substantial,...right?

I recd a quote on this same entry way door but at 1 3/4"...

Ordering Procedure

Our order procedure is simple, once we have priced out your unit it can be ordered by a fax, E-mail or a phone call. When you place your order we will prepare a complete order approval package with detailed shop drawings and measurements for your review and approval. We will not start building anything until you sign and return this package. Since all of our doors are built to your specifications we require a 50% deposit

Click on a door picture below to see the complete collection of that style doors.
