Thank you Larry: Poughkeepsie is close - Newburgh would be a second option - I am not sure about the Poughkeepsie air port and Jets - as I only fly my XK-8 Jag
Best,

Hello all,.
We may arrive via Jet as oppose to helicopter,.
Is Poukipsee the nearest airport?
We will be flying a GIV needs at least 5000' of runway,.
Thx
Larry

Gerard -

Can you arrange the infrastructure on this - I will have my staff to help - The Levy lawn is now attracting many guests that will need to be prevented from enjoying the weather on Friday.

Catherine - do we have a confirmed arrival time?

Larry - My 24 hour cell: [REDACTED] - call any time. I will be your main contact for Campus. - Makes it a bit less confusing.

Randy- Do we have the coordinates for Larry for the Levy Lawn?

Ken,

I hope you are well.

Leon has a guest coming to Bard this Friday, arriving by helicopter. The same person who was supposed to come at the end of February but the weather was bad. I don't remember who

all the Bard contacts were regarding the protocol. Can you contact the pilot (see below) and the other relevant people from Bard, and copy me on the emails?

Thanks,

Catherine

Hi Catherine and Larry (our pilot)...

Catherine, can you please provide Larry with the email address and phone number of the person he needs to speak with regarding Jeffrey's flight, landing, etc?

Yes, that's fine. I will need the pilot's information so I can put everyone in contact, just as we did last time when he was planning to come but had bad weather.

Thanks,

Catherine
