---

[REDACTED]

Attached is a presentation about the DEKA Stirling for Jeffrey. I pulled together materials from various sources/presentations to try to give sufficient background, but the result is somewhat disjointed and less informative than I had hoped.

Please let me know if there is anything else that I can do to be of assistance.

Best regards,

Maureen

Thanks for your response. Dean understands Mr. Epstein's position. I will strip down the package that I was planning to send to include only certain DEKA-internal information (which, unfortunately, may make the package somewhat less

informative) and send it off to you as soon as possible.

Best regards,

Maureen

Hi Maureen..thank you for your message...I relayed to Jeffrey and below is his reply:

I dont sign these ever...sorry

Dean has asked me to prepare a package of materials regarding DEKA's Stirling engine to send to Mr. Epstein. Because DEKA is working with a partner and some of the materials were prepared by DEKA's partner and thus subject to a Non-Disclosure Agreement, it would be very helpful if Mr. Epstein could sign the attached Non-Disclosure Agreement. Upon receiving confirmation of his willingness to do so, I can send the materials.

Please do not hesitate to contact me on my cell phone (603-860-8732) should you or Mr. Epstein have any questions.

Best regards,

Maureen
