I just checked my spam folder and I do not see anything from Flightalerts? Do you show that a flight alert was sent to my address:

████████████████

We need to make sure Darren Indyke and Jojo Fontanilla always receive the alerts as well

████████████████████

I know I set up my account and I assume these 2 men did as well (but can double check with them)

Jeffrey will be departing tonight at 9pm in the same Gulfstream N909JE for Paris...I want to make sure we all receive the alerts tonight and tomorrow morning when he lands...
