Lesley,

Per request of Lawrence Visoski you have been added to the authorized users that are able to track N909JE. In order to access this flight information through FlightAware.com you must be logged into your username. Your new username is lesleyjee and your temporary password is airforce2. Once you log in, you can change your password under your account settings. Click on your username at the top of the screen and you can change your password under Option 1.

I have also set you up to receive flight alert notifications for N909JE's flights. You are set to receive email notifications each time the aircraft departs and arrives or if it is diverted or cancelled. You can edit your alert at anytime by clicking on the My Alerts link at the top of the site. You can customize which flight events you wish to be notified of and also choose to receive the alerts to a mobile device.

Please let me know if you have any difficulties accessing your account or if you have any questions about our services.

Best regards,

Andrew Taylor
