[REDACTED] I have checked the apartments, you could stay in 11P, you will just need to put the clean linen which is hanging in the closet from the dry cleaners on the bed. The door is a little sticky, well actually quite a lot. I couldnt get in until the 3rd time i tried. I banged it with my hand near the top really hard. It seems to be sticking there.

[REDACTED] was correct I need to have 10N cleaned after Jerry Barton. When does she leave 10B? I will organize for the same day and 11P if they can so that we will have them all fresh and ready to go.
